NEW THIS YEAR:

2016

A WORD FROM OUR GRADUATES...

As I look back on my life, God's hand has been on me the whole time. He continually provides for me despite how many mistakes I make because He loves me. I have learned that truth hurts, but it also frees. I came to the realization the other day that I need to continue on the path that God has set me on because there is no life without Him - He was never meant to be replaced! I'm coming back home to him. I don't give up because darkness doesn't stand a chance.

Ok... If you ask me what New Life means to me, I would ask you, how excited are you to be free?

New Life Girls Home has transformed my whole outlook on life. It's challenged me to grow and it's helped me to dig deep so that the Holy Spirit can flow like a river in me. So ask me again, and I'll tell you, I'm excited about New Life, because I'm excited to be free. I was walking blind for all those years but now I see. The beauty of God surrounds me and because of His death I now AM free. And it brings me to tears because I'm so thankful. Throughout this program, this truth has become my reality.
