

Dear Partners,

For the past few years we have hired a student over the summer, whose wages were paid for by a government grant. The Federal Canadian Government, however, has recently made changes to the application that will make it difficult for us to receive grant funding for this purpose. Here are some links with more information regarding these changes to the grant application.

https://www.cccc.org/news_blogs/barry/2018/01/03/important-notice-about-the-canada-summer-jobs-program/

<https://globalnews.ca/news/3914528/canada-summer-jobs-anti-abortion-anti-gay-groups/>

In addition, the following link will help you find your local MP's email, so that you can voice your support for the hundreds of faith-based organizations that are being affected by our government's new interpretation of the Charter Rights:

<http://www.ourcommons.ca/Parliamentarians/en/members>

We would urge you to respond in these ways before the application deadline of February 5th:

- Writing, emailing, and/or calling your local MP.
- Praying for the Canadian Government, NLGH, and all other faith-based organizations

2018 has presented NLGH with a number of financial challenges due to changes in legislation at both the provincial and federal level. We would ask that you prayerfully consider becoming a monthly donor if you are not already, or to give in any way the Lord may lead you.

These are the times we need a loud voice for New Life.

Many thanks for your ongoing support,

Dawn Bailey-Elbourne
